*Nutsetters meet the same dimensions as those published by the manufacturers of the Apex® and Magna™ brands.

Applications/ Advantages	Nutsetters are used to drive hex head tapping screws and machine screws. They are magnetic to provide excellent tool-to-fastener holding power. They are popular in prefabricated home and metal building construction.
Material	50BV30 steel (similar to SAE 6150)
Hardness	Rockwell C 42 - 48

®Apex is a registered trademark of Cooper Industries.

™Magna is a division of Vermont American Corporation.

Kanebridge's nutsetters are not manufactured by or connected with the producers of Apex® or Magna™ nutsetters.
