<b>Description</b>	Identical to the NU-series heavy hex nylon insert stop nut but approximately 35% less thick from top to bottom.
<b>Applications/Advantages</b>	Thin pattern heavy hex nuts are used when an insufficient number of projecting threads are present to use a full heavy hex nylon insert stop nut.
<b>Material</b>	1/4" through 5/8" -- AISI 1008 - 1010 or equivalent steel; 3/4 through 1" -- AISI C1117 or equivalent steel.
<b>Hardness</b>	Rockwell C 28 maximum
<b>Plating</b>	See Appendix-A for information about the plating of steel nylon-insert stop nuts.
